Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

I. Background

The above-captioned application was filed with an unsigned Declaration and Power of Attorney in the U.S. Patent and Trademark Office on November 13, 1998, as evidenced by the return postcard, the front and back of which is attached hereto as **Exhibit 1**.

Applicants' attorney received no further communication from the Patent Office, and on September 21, 2000 filed a Status Inquiry, a copy of which, including the return postcard (date-stamped by the Patent and Trademark Office September 27, 2000), is attached hereto as **Exhibit 2**.

In October 2001, the undersigned became concerned that still no communication had been received from the Patent Office concerning this application and telephoned the PCT Help

Application No. 09/180,699
Page 2

Desk to inquire into the status of the application. In response to multiple telephone conversations and at the suggestion of Carol Bidwell, the undersigned forwarded to her by fax a copy of the above-mentioned Status Inquiry. A copy of the fax, including attachments, is attached hereto as **Exhibit 3**.

On November 27, 2001, the undersigned received a letter dated November 21, 2001 (copy attached as **Exhibit 4**) which states that the above-captioned application is abandoned and which forwarded copies of a "Notification of Abandonment" dated February 15, 2000 and a "Notification of Missing Requirements Under 35 USC 371", including a "Notification of a Defective Oath or Declaration", both dated March 29, 1999.

The undersigned never received the Notification of Missing Requirements, the Notification of a Defective Oath or Declaration, and the Notification of Abandonment until November 27, 2001.

Attached hereto is the Declaration of Michelle Simone, who is responsible for docketing the receipt of Office Actions from the U.S. Patent and Trademark Office. It demonstrates that the documents which led to the abandonment of this application have not been entered into the docket system of Townsend and Townsend and Crew. If they had been received, they would have been docketed.

The reason why the official letters were not received is plain on its face. Each document attached to the November 21, 2001 Patent Office letter (Exhibit 4) is addressed to "Townsend and Townsend and Crew, San Francisco, CA 94111", which is not a complete address. Consequently, they could not be delivered to Townsend and Townsend and Crew, which also explains why there is no entry in the docket system of Townsend and Townsend and Crew concerning the Notification of Missing Requirements dated March 29, 1999, as well as the Notification of Abandonment of February 15, 2000.

The unsigned Declaration and Power of Attorney with which this application was filed (attached as **Exhibit 5**) states on page 2:

"Send Correspondence to: J. Georg Seka
Townsend and Townsend and Crew LLP
Two Embarcadero Center, 8th Fl.
San Francisco, CA 94111-3834"

II. Argument

(A) Petition to Withdraw Holding of Abandonment

Applicants petition that the holding of abandonment be withdrawn because, as demonstrated above, the address to which the Notification of Missing Parts was sent is plainly insufficient and, therefore, could not be delivered. A letter carrying the address "San Francisco, CA 94111" is undeliverable, as anyone who has ever mailed a letter knows.

In view thereof, applicants submit that the holding of abandonment should be withdrawn, and such an action is requested.

Although applicants believe that no fee is due, in the event a fee is nevertheless due for this petition to withdraw the holding of abandonment, the Commissioner is authorized to charge such fee, and any additional fee that may be due, to Deposit Account 20-1430 of the undersigned.

(B) Alternative Petition to Revive Application for Unavoidable Abandonment

Applicants failure to respond to the Notification of Missing Parts was unavoidable because the Notification was addressed such that it could not be delivered. In fact, it was not delivered and, therefore, it was impossible for applicants to timely respond.

The Commissioner is authorized to charge the large entity fee of \$110 pursuant to 37 CFR 1.17(l), and any additional fee that may be due, to Deposit Account No. 20-1430 of the undersigned.

(C) Alternative Petition to Revive Application for Unintentional Abandonment

Although applicants believe that the Notice of Abandonment should be withdrawn, or the application should at least be revived for unintentional abandonment, for the reasons discussed above, if neither petition is granted, applicants herewith alternatively petition to revive this application for unintentional abandonment pursuant to 37 CFR 1.137(b). The entire delay in filing the required reply from the due date for the reply until the filing of this petition was unintentional.

Application No. 09/180,699
Page 4

The Commissioner is authorized to charge the fee of \$1,240 pursuant to 37 CFR 1.17(m), and any additional fee that may be due, to Deposit Account No. 20-1430 of the undersigned.

III. Reply to Notification of Missing Parts

Attached hereto is applicants' Response to Notification of Missing Parts Under 35 USC 371. It fully responds to the Notification of Missing Parts.

IV. Conclusion

In view of the foregoing, applicants request that the abandonment of the above-captioned application be withdrawn.

In the alternative, should the foregoing petition be denied, applicants request that this application be revived for unavoidable abandonment.

In the event that the petition to withdraw the abandonment and the petition to revive the application for unavoidable abandonment are denied, applicants request that the petition to revive the application for unintentional abandonment be granted and that this application be examined at an early date.

In addition to the charge authorizations set forth above, the Commissioner is hereby authorized to charge any fee in connection with this paper or otherwise required during the pendency of this application to Deposit Account No. 20-1430 of the undersigned.

NOTIFICATION OF A DEFECTIVE OATH OR DECLARATION

This application fails to contain an oath or declaration acceptable under 35 U.S.C. 371 (c)(4) for entry into the national stage in the United States of America. The period within which to correct these requirements and avoid abandonment is set in the accompanying Office action.

A new oath or declaration, identifying this application by the international application number and international filing date is required. The oath or declaration does not comply with 37 CFR 1.497(a) and (b) in that it:

1. ☒ is not executed in accordance with either 37 CFR 1.66 or 37 CFR 1.68.
2. ☐ does not identify the specification to which it is directed.
3. ☐ does not identify the inventor(s).
4. ☐ does not identify the citizenship of each inventor.
5. ☐ does not state the person making the oath or declaration believes the named inventor or inventors to be the original and first inventor or inventors of the subject matter which is claimed and for which a patent is sought.

FAILURE TO SUBMIT AN OATH OR DECLARATION IN COMPLIANCE WITH 37 CFR 1.497(a) AND (b) WITHIN THE TIME PERIOD SET WILL RESULT IN FAILURE TO ENTER THE NATIONAL STAGE AND THE ABANDONMENT OF THE APPLICATION.

Additionally, the oath or declaration does not comply with 37 CFR 1.63 in that it:

1. ☐ does not identify the city and state or city and foreign country of residence of each inventor.
2. ☐ does not state that the person making the oath or declaration:
 - a. ☐ has reviewed and understands the contents of the specification, including the claims, as amended by any amendment specifically referred to in the oath or declaration.
 - b. ☐ acknowledges the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.
3. ☐ does not identify the foreign application for patent or inventor's certificate on which priority is claimed pursuant to 37 CFR 1.55, and any foreign application having a filing date before that of the application on which priority is claimed, by specifying the application serial number, country, day, month, and year of its filing.
4. ☐ does not state that the person making the oath or declaration acknowledges the duty to disclose information which is material to patentability as defined in 37 CFR 1.56 which became available between the filing date of the prior application and filing date of the continuation in part application which discloses and claims subject matter in addition to that disclosed in the prior application (37 CFR 1.63(d)).
